CURRENT CONDITION OF PROPERTY
535 CHESTNUT ST
NOBLESVILLE, IN 46060

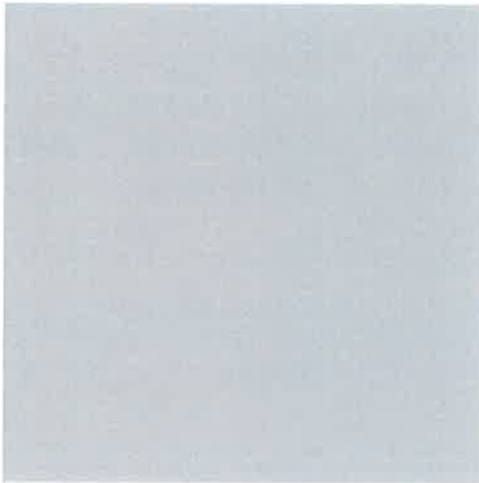

The exterior of the property is in overall good condition, with minor repairs needed in various areas including siding at the front door, trim/wood repair or replacement, lighting, back door, and shutters. Trim/wood repair needs are primarily located on the west side/southwest including the deck and overhang above it and exterior of the screened in porch, but also includes replacing broken or rotted wood on the shed and molding in the front. The brown shutters, soffit, trim, etc. are chipping and showing signs of discoloration and needs repainted. Lighting fixtures are rusted. The back door on the west side of the building is missing a window. The deck currently is missing boards and was completed at an awkward angle and will be finished for a more completed look.
