No work shall be delayed or postponed pending resolution of any disputes or disagreements except as Engineer and City may otherwise agree in writing. Should Engineer fail to continue to perform its responsibilities as regards all non-disputed work without delay, any additional costs incurred by City or Engineer as a result of such failure to proceed shall be borne by Engineer, and Engineer shall make no claim against the City for such costs. City may withhold payments on disputed items pending resolution of the dispute.

5.12 Non-discrimination. The Engineer shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, age or national origin. - 5.14 Non-contingent Fees. Engineer warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. For breach or violation of this warranty City shall have the right to annul this Agreement without liability or in its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.
- 5.15 Force Majeure. In the event that either party is unable to perform any of its obligations under this Agreement – or to enjoy any of its benefits – because of fire, explosion, power blackout, natural disaster, strike, embargo, labor disputes, war, terrorism, acts of God, acts or decrees of governmental bodies or other causes beyond such party’s reasonable control (hereinafter referred to as Force Majeure Event), the party who has been so affected shall immediately give notice to the other and shall take commercially reasonable actions to resume performance. Upon receipt of such notice, all obligations under this Agreement shall immediately be suspended except for payment obligations with respect to service already provided. If the period of nonperformance exceeds sixty (60) days from the receipt of the Force Majeure Event, the party whose ability to perform has not been so affected may, by giving written notice, terminate this Agreement.
- 5.16 Applicable Laws; Forum.
- 5.16.1 Engineer agrees to comply with all applicable federal, state and local laws, rules, regulations or ordinances, and all provisions required thereby to be included in this Agreement are hereby incorporated by reference. This includes, but is not limited to, the Federal Civil Rights Act of 1964 and, if applicable, the Drug-Free Workplace Act of 1988. The enactment of any state or federal statute or the promulgation of regulations thereunder after execution of this Agreement shall be reviewed by City and Engineer to determine whether the provisions of the Agreement require formal modification.
- 5.16.2 This Agreement shall be construed in accordance with the laws of the State of Indiana, and by all applicable Municipal Ordinance or Codes of the City of Noblesville, County of Hamilton. Suit, if any, shall be brought in the State of Indiana, County of Hamilton.
- 5.17 Waiver. City’s delay or inaction in pursuing its remedies set forth in this Agreement, or available by law, shall not operate as a waiver of any of City’s rights or remedies.

- 5.18 Severability. If any provision of this Agreement is held to be invalid, illegal, or unenforceable by a court of competent jurisdiction, the provision shall be stricken, and all other provisions of this Agreement which can operate independently of such stricken provisions shall continue in full force and effect.
- 5.19 Attorneys' Fees. Engineer shall be liable to City for reasonable attorneys' fees incurred by City in connection with the collection or attempt to collect, any damages arising from the negligent or wrongful act or omission of Engineer, or from Engineer's failure to fulfill any provisions or responsibility provided herein.
- 5.20 Successors and Assigns. City and Engineer each binds itself and its partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as otherwise provided herein, Engineer shall not assign, sublet or transfer its interest in this Agreement without the written consent of City. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of City or the Engineer.
- 5.21 Authority to Bind Engineer. Notwithstanding anything in this Agreement to the contrary, the signatory for Engineer represents that he/she has been duly authorized to execute agreements on behalf of Engineer and has obtained all necessary or applicable approval from the home office of Engineer to make this Agreement fully binding upon Engineer when his/her signature is affixed and accepted by City.
- 5.22 Debarment and Suspension
- 5.22.1 Engineer certifies, by entering into this Agreement, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from or ineligible for participation in any Federal assistance program by any Federal department or agency, or by any department, agency or political subdivision of the State of Indiana. The term "principal" for purposes of this Agreement means an officer, director, owner, partner, key employee, or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of Engineer.
- 5.22.2 Engineer certifies, by entering into this Agreement, that it does not engage in investment activities in Iran as more particularly described in IC 5-22-16.5.
- 5.22.3 Engineer shall provide immediate written notice to City if, at any time after entering into this Agreement, Engineer learns that its certifications were erroneous when submitted, or Engineer is debarred, suspended, proposed for debarment, declared ineligible, has been included on a list or received notice of intent to include on a list created pursuant to IC 5-22-16.5, voluntarily excluded from or becomes ineligible for participation in any Federal assistance program. Any such event shall be cause for termination of this Agreement as provided herein.

- 5.22.4 Engineer shall not subcontract with any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in any Federal assistance programs by any Federal department or agency, or by any department, agency or political subdivision of the State of Indiana.
- 5.23 Compliance With E-Verify Program. Pursuant to IC 22-5-1.7, Engineer shall enroll in and verify the work eligibility status of all newly hired employees of Engineer through the E-Verify Program (“Program”). Engineer is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists.
- 5.23.1 Engineer and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that Engineer or its subcontractor subsequently learns is an unauthorized alien. If Engineer violates this Section 5.23, City shall require Engineer to remedy the violation not later than thirty (30) days after City notifies Engineer. If Engineer fails to remedy the violation within the thirty (30) day period, City shall terminate the contract for breach of contract. If City terminates the contract, Engineer shall, in addition to any other contractual remedies, be liable to City for actual damages. There is a rebuttable presumption that Engineer did not knowingly employ an unauthorized alien if Engineer verified the work eligibility status of the employee through the Program.
- 5.23.2 If Engineer employs or contracts with an unauthorized alien but City determines that terminating the contract would be detrimental to the public interest or public property, City may allow the contract to remain in effect until City procures a new engineer.
- 5.23.3 Engineer shall, prior to performing any work, require each subcontractor to certify to Engineer that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. Engineer shall maintain on file a certification from each subcontractor throughout the duration of the Project. If Engineer determines that a subcontractor is in violation of this Section 5.23, Engineer may terminate its contract with the subcontractor for such violation.
- 5.23.4 Pursuant to IC 22-5-1.7 a fully executed affidavit affirming that the business entity does not knowingly employ an unauthorized alien and confirming Engineers enrollment in the Program, unless the Program no longer exists, shall be filed with City prior to the execution of this Agreement. This Agreement shall not be deemed fully executed until such affidavit is filed with the City.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the dates subscribed below.
