Mayor Jensen stated the budget is the most important thing the City does. He thanked the Council for their involvement in developing the budget. He stated the process was smooth, because of the Council's collaboration with individual departments. He thanked Chief Financial Officer and Controller Jeffrey Spalding and Mr. Light for their thorough work on the budget. He stated the budget totals approximately \$127 million and keeps the tax rate the same that it has been for the past several years. He stated property taxes are a concern for many people. He thanked the Council for approving a hardship program for wastewater and trash fees. He asked anyone facing financial hardship to call his office. He stated almost 52 percent of the budget is dedicated to Public Safety. He stated the budget also focuses on a strong Rainy Day Fund, which is expected to have a balance of approximately \$35.5 million at the end of the year. He stated the City is not a bank, so it must invest in the community as well. He stated the budget invests almost \$1.4 million in trail maintenance and approximately \$1.6 million to replace the playground at Dillon Park. He stated approximately \$4 million will be spent for the new Police station project next year, and approximately \$2 million was designated for Innovation Mile. He stated funding is allocated for roadway improvements. He stated his Administration takes investing taxpayer dollars seriously.

He stated many months of work go into the budget. He stated the budget was introduced in September, and a few modifications had been made since then. He displayed pie charts of appropriations by department. He noted the non-departmental contingency was reduced.

Mr. Peterson stated when he first joined the Council, much of the budget talk sounded like a foreign language to him, but it was starting to make sense. He stated this budget was well thought out. He asked if there had been any changes to the revenue forecast for 2025. Mr. Spalding replied no, there had been no change to the forecast. He stated the only uncertainty is the high Assessed Value growth levy appeal, which the budget assumes will be approved, as it was the past few years. Mr. Peterson asked when the City would be informed of the State's decision on the appeal. Mr. Spalding replied he should receive a decision in late November or early December. Mr. Peterson stated the City's tax rate remained the same for five years, through a global pandemic and hyper-inflation.

Mr. Thurston stated as a new Council member, he did not know how long the budget took. He stated the Council started budget meetings in August. He stated he wants the residents to know that the Council didn't just see the budget in September when the ordinance was introduced. He stated the process was very thorough, and after feedback and suggestions from Council members, changes were made to the budget. Mr. Johnson echoed Mr. Thurston's comments. He stated as a member of the Finance Committee, they were presented the budget in excruciating detail, which was a good thing. He stated the information had given him a better understanding of the City's finances. He stated Deputy Financial Officer Tom MacDonald joined the City in the middle of the budget process, and he made an immediate contribution.

Mr. Smith stated revenue would increase, but costs also would increase. He asked Mr. Light to explain the capital projects plan and the projects that are still unfunded. unfunded, possibly more. He stated excess cash reserves would be used toward capital projects. Mr. Smith expressed appreciation for the capital plan. He stated if there is no plan, only “squeaky wheels” tend to be funded.

Ms. Wiles asked if 52 percent of the budget would fund Public Safety. Mr. Light displayed a chart showing budget distribution. He stated 51.7 percent of the budget is designated for Public Safety.

Mr. Peterson read a statement from Mr. Elliott, who was unable to attend. #64-10-24 COUNCIL TO CONSIDER ORDINANCE 64-10-24, AN ORDINANCE AUTHORIZING THE CITY OF NOBLESVILLE, INDIANA TO FUND ITS “TAXABLE ECONOMIC DEVELOPMENT REVENUE NOTE, SERIES 2024 (KITTLES PROPERTY PROJECT)” AND APPROVING AND AUTHORIZING OTHER ACTIONS IN RESPECT THERETO (SARAH REED)

Ms. Wiles moved to introduce Ordinance #64-10-24, second Mr. Johnson. Ms. Reed displayed a site plan. She stated this ordinance was for both an economic development agreement with Kittles, as well as the structure for an incentive on infrastructure improvements creating shovel-ready real estate. She stated Kittles’ investment in Noblesville would include the development of a new showroom in Saxony, near Hamilton Town Center, just north of Cabela’s, with a capital investment of \$18 to \$20 million. She stated the site is at the southwest corner of 141st Street and Cabela Parkway. She stated the showroom would be 50,000 square feet, and the new location would be in addition to their other Indiana locations. She stated with the construction of the new showroom, Kittles also would install drainage infrastructure that would assist in the development of an adjacent parcel to the south. She stated this ordinance would have a second reading and a vote on November 12. She stated before then, the Administration would work with Kittles on a minor amendment to adjust the commencement language. She stated a redline version of the ordinance showing the amendment would be available before the next meeting. She stated the project was an approved use for the property, so there would be no Planned Development ordinance for the Council to consider.

Co-owner and Chairman Jim Kittle of Kittle’s Home Furnishings, Inc. at 8600 Allisonville Road, Indianapolis, addressed the Council. He stated when Kittles built their Allisonville Road store in Castleton, they did so because that was the epicenter of development at that time. He stated now Noblesville and 146th Street were the epicenter of what was happening in Indiana. He stated when they built the Allisonville Road store, it was state of the art, and the largest furniture store in Indiana. He stated Kittles would be moving into their new warehouse on 146th Street next week. He stated the Cabela’s store near their proposed building site is number 13 of 99 in revenue of all Cabela’s stores. He stated this new Kittles store would be their signature store. He stated it would have maximum landscaping with less parking than most retailers had. He stated it

would not be a box, but it would have a tall roof. He stated his company planned to spend 20 to 25 percent more than it would cost to build a big box store. He stated this project was a big deal for his family, and it would be his swan song. He stated it would be the last project he is personally involved in. Mr. Johnson expressed appreciation for Mr. Kittle's enthusiasm, his support for the City, and his willingness to invest here. Mr. Kittle stated his family would be involved in the community. Mr. Peterson stated the infrastructure that Kittles plans to construct would open more land in the area to development. He thanked Mr. Kittle for the investment.

#65-10-24 COUNCIL TO CONSIDER ORDINANCE #65-10-24, AN ORDINANCE APPROVING AN ADDITIONAL APPROPRIATION IN THE LOCAL ROAD AND STREET FUND TO PROVIDE FUNDING FOR A SHOP TRUCK FOR THE STREET DEPARTMENT, AND ESTABLISHING A PUBLIC HEARING (TOM MACDONALD)

Ms. Wiles moved to introduce Ordinance #65-10-24, second Mr. Johnson. Deputy Financial Officer Tom MacDonald stated this ordinance is for a one-time additional appropriation in 2024 to purchase a shop truck for the Street Department that allows them to repair equipment on site that breaks down on the job. He stated the truck was originally to be financed through the City's annual capital lease, but that funding was reprioritized to purchase golf carts instead. He stated there is available funding in the Local Road and Street Fund, so the truck would be purchased all at once instead of over five years. Mr. Peterson asked if this appropriation was fiscally neutral. Mr. Spalding replied it actually saved money, since the City would not be paying interest on a lease purchase. Ms. Wiles moved to establish a public hearing for Ordinance #65-10-24 at the November 12 meeting, second Mr. Johnson, eight aye, motion carried.
