TO: Board of Public Works
FROM: James Alexander, Street Dept. Fleet Manager
CC: Lindsay Downing
SUBJECT: Fleet Vehicle Purchases
DATE: April 23, 2024

The purpose of this memo is to request approval to replace two Ford F-550 flatbed trucks for the Street Department, due to them being beyond their serviceable life.

Background

The department needs to replace two trucks due to their age and estimated costs for future repairs. The trucks are 2014 and 2016 models.

Proposed Purchase

We have obtained two quotes for new trucks and trade in values for our outgoing vehicles. The best quote was from Don Hinds Ford, with a final cost of \$81,343. The Ford F-550 pickups quoted meet our specifications. This purchase is part of our 2024 budget, and we have a purchase order from OFA that is attached to this request. Attached is also an email explaining that General Motors does not produce a model that meets our specifications, thereby making it impossible to obtain a third quote.

It is my recommendation to purchase two Ford F-550 pickup trucks from Don Hinds Ford as part of the 2024 Street Department annual budget.

When the sale is entered into the sales reporting system with a sales type fleet along with a valid FIN code, the warranty extension will automatically be added to the vehicle. The extension will stay with the vehicle even if it is subsequently sold to a non-fleet customer before the expiration. This extension applies to both gas and diesel powertrains. Dealers can check for the warranty extension on eligible fleet vehicles in OASIS. Please refer to the Warranty and Policy Manual section 3.13.00 Gas Engine Commercial Warranty. This change will also be reflected in the printed Warranty Guided distributed with the purchase of every new vehicle.
