PENALTIES FOR FAILURE TO FILE COMPLETE RETURN FORMS

Failure to file a return on or before the due date, as required by law, will result in the imposition of twenty-five dollars (\$25) penalty. In addition, if return is not filed within thirty (30) days after such return is due, a penalty equal to twenty percent (20%) of the taxes finally determined to be due with respect to the property which should have been reported will be imposed. A personal property return is not due until the expiration of any extension period granted by the township assessor under IC 6-1.1-3-7 (b). If the total assessed value that a person reports on a personal property return is less than the total assessed value that the person is required by law to report and if the amount of the undervaluation exceeds five percent (5%) of the value that should have been reported on the return, then the county auditor shall add a penalty of twenty percent (20%) of the additional taxes finally determined to be due as a result of the undervaluation.
